

Heaven

Much has been written about heaven throughout history. Many books have been written about near death experiences where people have died, see what heaven is like, and then come back to life here on earth to describe it. The 3 major religions in the world address it but none as completely as the Bible. I would like to summarize some main points about heaven that are of interest to everyone.

1. What do people generally believe about heaven?
2. Where do they get these beliefs?
3. Is this world under a curse? Or, do things always go perfect?
4. The Bible teaches that heaven is a place that exists forever where God will be with His people and there will be no curse.
5. Who are God's people? How does God decide who is His?
6. The Bible says 'there will be no more tears, mourning or pain'
7. Why would it say that? Could it be true?
8. It is a perfect place with no more sin, injustice or selfish pride
9. No separation, everyone fits and matters, complete unity, and love. No injustice. Complete security
10. Why would/should someone want to go to heaven?
11. Would you want to go there if God ruled over you there?
12. Would believing in heaven make this life easier or harder?
13. What if faith in Jesus was the only way to get there?
